

Changing traffic guidance system on motorway A650 junction Oggersheim

Green Way Systems was tasked to install and operate the traffic management equipment for a changing traffic guidance system in the course of the second part of the fundamental extension of motorway A650 between junction Oggersheimer Kreuz and state road B37 in Ludwigshafen.

In addition to the control of the entire system by the sub-master station of Green Way Systems, the installation consists of 2 mobile sign gantries with each 3 LED lane control signs, 8 variable message signs in LED-RGB full matrix technology and 2 traffic camera locations.
