

Green Way Systems moved from Bühl to Baden-Baden

The move of the business premises Bühl to the new location in Baden-Baden took place as scheduled within a very short period at the first weekend in August 2017.

The installation of the electrical manufacturing department as well as the equipment of the offices and floor spaces were carried out as far as possible. The buildup of the IT-structure and network was also finalized successfully.

At the new location 385 m² floor space as well as 576 m² office space and 2000 m² open area are at Green Way Systems' disposal.

The location Baden-Baden offers best connection to the motorway A5, the train station Baden-Baden with fast train „ICE” stop as well as the regional airport Karlsruhe/Baden-Baden.

Hence the fundamentals for a successful future of Green Way Systems are created.
